## EDUCATE TRAINING

On January 18th, at 6:00 pm, parents are invited to Monmouth Middle School for training, login and password information about the new learning/grading software, Educate. Educate provides families with up to date learning expectations and accomplishments for each child. Parents will have an opportunity to learn about how to use the Educate Software and how to check the site to see your child's learning progress. We would appreciate a call or note to let us know if you are planning to attend. You may use the slip below if you wish.
